Mid-June 1949

1. Only the rear detail of a tank unit was quartered in the GLAUCHAU  
25X1X kaserne (located between Feldstrasse and Virchowstrasse) in mid-  
June 1949. Many craftsmen were doing repair work in the  
kaserne at the time of observation. Maj. RUDENKOV, the politi-  
cal officer of the tank unit, was staying in the kaserne at the  
time.
2. About eighty armored vehicles from this kaserne had been entrained  
for OHRDRUF (M 51/J 15) between 18 April and 4 May 1949. The  
25X1A troops departing from the kaserne had quartering equipment  
with them.

Comment:

a. The above report confirms previous information, according to  
which troops from the GLAUCHAU post (i.e. the 220th Hv Tank SP  
Regt were transferred to the OHRDRUF troop training grounds after  
mid-April 1949. Lt. Col ZENIN has so far been assumed (from  
doubtful information secured in September 1948) to be the poli-  
tical officer of the 220th Hv Tank SP Regt.

20 June 1949

- 25X1X b. The report was confirmed by another \_\_\_\_\_ who observed  
that only the small rear detail of a tank unit was quartered  
in the Hammer Kaserne on 20 June 1949.
